**Maroua is studying in France .This is the first letter she writes to her mother in Morocco.**

Dear Mum

I'm writing this letter to tell you about my life here and things I do everyday. I live in a small town not far from Paris. I usually get up early to get the bus to the university because I don't want to be late for my classes. I study with students of different nationalities. Some of them are friendly and helpful.

At midday I have lunch in the university restaurant. The meals are delicious. I appreciate the French cooking a lot. In the afternoon I don't have classes. So, I always go to the library it's a wonderful space for concentrating and revising seriously. Sometimes I visit some French friends.

Give my best regards to all the family.

**I miss you so much.**
